CONTRACT LET FOR HUGE DAM ACROSS JORDAN RIVER

The Puget Sound Bridge & Dredging Co. Exchange bldg and Seattle, has been awarded a general contract for the construction across the Jordan River, forty miles northeast of Victoria, of a gigantic dam for the B. C. Electric Co. The contract is for an amount approximating half a million dollars.

The dam will be 300 feet long and 115 feet deep and will be modelled after the Ambursen type of reinforced concrete structure. G. W. G. Conway, the electric company's chief engineer, and a prominent member of the American Society of Civil Engineers, selected this type in preference to that of solid concrete after a most thorough and exhaustive investigation of all conditions relating to the expenditure and the results desired.

The project is part of a plan to develop immense power for commercial purposes and the future extension of urban lines throughout the area of Vancouver Island. Work starts at once and the contract calls for completion in eight months.

FIRST NUMBER OF NEW MAGAZINE IS PUBLISHED

The Record Publishing Co. announce the first issue of a twice-a-month magazine entitled the Architect, Builder & Engineer. The new publication is under the same management and editorial supervision as the Daily Building Record now issued from the company's offices, 583 Homer-Richards lane.

The Architect, Builder & Engineer will endeavor to cover the field of architecture, building, general construction and engineering throughout Western Canada, notably in the provinces of British Columbia and Alberta. Correspondents will keep the publication in active touch with those interests in all of the principal towns and cities in the territory named, and it is intended to keep the fraternity accurately informed on all topics of interest and to issue dependable information before its news value is lessened by antiquity.

The new publication is well illustrated and contains a number of excellent special articles. These features will be maintained in future numbers. The initial number has already left the press and the second edition will appear on Sept. 1. The subscription price is $3.00 per year in advance and subscription will be greatly appreciated in the full belief that the publishers are giving unusual value for the money.

FIGURES INCORRECT

In yesterday's Record it was stated that Marshall, Plummer & Co, Dominion Trust bldg, submitted a bid of $16,500 for concrete culverts at Vernon. The figures should have been $6,500. Marshall, Plummer & Co were the low bidders, but the city council of Vernon has since decided to do the work under the supervision of the engineer instead of by contract.

TO BUILD FRAME APARTMENTS

R. H. Waddell, 2164 Union st, has been granted a permit for the erection of two 3 sto fr apmts and store bldgs at 1745—47 Hastings st E. Geo. B. Churchill, 1851 Pender st E., is the contr. He also prepared plans. The estimated cost is $4000 for each bldg.

MATERIALS TO BE USED.

The following material is mentioned to be used in the structures called for in the permits above, whose numbers correspond to those preceding the following items.

3238—4000 br, 3200 yds pl, 32 bbls cmt.
3239—4000 br, 600 yds pl, 8 bbls cmt.
3240—3000 br, 800 yds pl, 25 bbls cmt.
3243—2000 br, 250 yds pl.
3244—3000 br, 250 yds pl, 10 bbls cmt.
3245—1500 br, 600 yds pl, 8 bbls cmt.

VANCOUVER BUILDING PERMITS

Only Permits amounting to less than $1000 will be found under this head.

3241—H. H. Ramage, fr garage, 1396 13th ave W; Cooksey & Davies; $150.

3242—H. Hoffmeister, alter wrhse, 1266 Granville st; A. J. Macdonald & Co; $400.

3243—E. R. Wheeler, 2 sto fr res, 2540 Bdway E; owner; $500.

3246—A. C. Little, 1 sto fr res, 338 Williams st; owner; $300.

3247—J. M. Steves, 1 sto fr wrhse, 1596 3rd ave W; Wood & McDonald; $600.

3249—W. B. Sharp, raise res, 1941 7th ave W; owner; $150.

3250—K. Mathson, 1 sto fr res, 2379 Charles st; owner; $500.

CLUB TENDERS OPENED BUT CONTRACT NOT LET

Bulk and separate tenders for the erection of the proposed Vancouver Club bldg were opened yesterday by the architects, Sharp & Thompson, 536 Hastings st W, but no announcement would be made as to the identity of the successful tenderers. It is understood that the bids will go before a meeting of the club directorate during the latter part of the week and that the award will be announced early next week.

A persistent rumor on the street that a local firm will do the work on the usual percentage basis on cost of labor and materials, but this is emphatically denied by the architects, who assert that the firm in question did not even submit a bid.

HOTEL BLDG. DEPENDS ON TRANSFER OF LICENSE

Malsmeth & Campbell, proprietors of the Grand Trunk Pacific hotel, 55 Powell st, have applied for a transfer of their license to the Sullivan block, 61 Cordova st W. If the transfer is granted the applicants state that they will fit up a first class hotel in the Sullivan block to cost about $100,000. Owing to the absence of Capt. McDowell, of the license board, the application was laid over for two weeks. Objection is raised to the transfer on the ground that the Sullivan bldg is situated in a block where licenses have been allotted to the full number permitted by law, but the proposal of the applicants to arrange a really good hotel in this area may be accepted at the board's next meeting.

PERMIT ISSUED FOR B. C. ELECTRIC SUBSTATION

The B. C. Electric Co. yesterday took out a permit for the erection of a 2 sto concrete substation to be built on Main st upon the site of the bldg recently destroyed in the big Main st fire. Plans were prepared by company engineers and the owners will build. The estimated cost is $40,000.

TAKING TENDERS FOR MERRITT POWER PLANT.

Dutcher, Maxwell & Co., engineers and surveyors, are calling for tenders for labor and material required for the construction of electric lighting and power transmission and distributing circuits in Merritt, B. C. Tenders have already been received for the building to house the plant and it is expected that a contract for this work will be let within a few days. Plans and specifications for the work now in hand may be seen at the office of the engineers, 319 Pender St. W.

The proposed system makes provision for eighty Tungsten lights including twenty Tungsten arcs and construction and arrangement of lights will follow the Series system. The plant will develop about 150 horse power and the municipality will then be able to offer power for commercial purposes in addition to that required for lighting.

Dutcher, Maxwell & Co. are also engineers in charge and designers of municipal power plants at Kamloops, Duncans and Salmon Arm. Tenders have been received for the Kamloops plant and a contract will be let shortly. This plant will cost when completed about $650,000 for buildings, machinery and general equipment.

MELVILLE DOLLAR BRINGS BIG CARGO OF CEMENT

The steamer Melville Dollar arrived in port from San Francisco yesterday with twenty thousand sacks of cement consigned to R. V. Winch & Co. The latter firm is now erecting a large plant at Todd Inlet, Vancouver Island, adjoining the present plant. When the new plant is completed the company will build a steamer to ply between Todd Inlet and Vancouver and it is hoped by the first of the year that there will be no further necessity of importing Californian cement.
