IMPERIAL DEFENCE.

BALFOUR SPEAKS OUT ON THE SUB- JECT.

He is Wary of France and Russia.—The
Leader of the Opposition is Frank.
He Does Not Believe in the Indica-
tions for Peace.—But Urges the
Strengthening of the Country's De-
fences Does Not Believe in a Long
Era of Peace Pledges the Opposi-
tion to Co-Operate in Materially Increasing
the Empire's Power.

LONDON, Jan. 22.—Arthur J. Balfour,
leader of the Unionists in the House
of Commons, spoke at some length this evening
before a meeting in Manchester on the
subject of imperial defence. This subject,
he said, was at present of paramount inter-
est. Any nation, or combination of nations,
which was able to wrest from Great Britain
her supremacy of seas, could bring her to
her knees, without landing a single soldier
on English soil.

He did not believe any government was
justified in expecting a long era of peace.
The French and Russian Governments were
pushing forward with all speed and working
their dockyards. Certain movements made
of late years in Asia, were only too obviously
directed against England. While there
were indications that France and Russia
were earnestly bent upon peace, their main
arrangements were prompted by the as-
sumption of a conflict with England, sooner
or later, singly or combined. He believed
that the English people were amicably dis-
posed toward France, but he must admit,
with the deepest regret, the conviction that
the French were hostile to England. Finally
Mr. Balfour appealed to the electors to
influence their representatives in Parlia-
ment by all possible means to assist in
quickly and efficiently strengthening the
country's defences. He could pledge the
Opposition, he said, to co-operate cordially
with the Government in its every effort to
increase England's naval and military
power.

Cannot Discharge Their Cargoes.

LONDON, Jan. 22. A despatch from
Buenos Ayres says that it is now impossible
for vessels to discharge their cargoes at Rio
Janeiro.

Lo Bengula's Allotment.

LONDON, Jan. 22.—A despatch from Cape
town to the Daily News says: Sir Henry
Lech, has dispatched a messenger to King
Lo Bengula, pledging in the Queen's name
that, if he surrenders, his life and interests
shall be assured and he shall not be deported
from Africa. Sir Henry has arranged
with Premier Cecil Rhodes to provide the
king with an adequate tract of land south of
the Orange river, the Chartered Company
furnishing the royal income.

The Sports Come Slow.

JACKSONVILLE, Fla. Jan. 22.—Referee
Kelly has carried the day in regard to the
conversion of that \$20,000 check into a
\$0,000 purse of actual money. He returned
from a conference with Mitchell at 6:30 this
evening and immediately went to the Duval
Club rooms, by appointment. Mitchell had
delegated his authority in the matter to
Kelly and Corbett had done the same, so he
was at liberty to do as he liked and decided
finally to demand the cash. After an hour's
secret session, it was announced that, by a
unanimous vote, the club had agreed to re-
move the restrictions on the check and allow
the referee to cash it to-morrow.

Including the newspaper men there are
not more than 400 strangers in town who
have come to see the contest. The incom-
ing trains are eagerly watched, but the
lovers of pugilism are painfully slow in
materializing.

There has been a renewal of the talk of
the procuring of an injunction which would
prevent the interference with the fighters
by the sheriff, but this would not secure im-
munity if the governor should declare mar-
tial law, and altogether the day has been a
blue and dispiriting one to the ringsters.

At the headquarters of the fighters, affairs
were not much brighter; the fact was de-
veloped, as indicated in a previous despatch,
that Mitchell's objection to transportation
arrangements was based on the lack of con-
sideration for his convenience and comfort.
"Ike" Thompson sent from Mitchell's
headquarters a despatch to Joseph Shipsey,
in which he said: "No truth in the rumor
that Mitchell is not ready and fit to fight.
Bet for him \$2,000 on my part. We will go
in any ring the Duval Club selects in St. John's or Duval county."

Mitchell expresses himself as tired of the
Duval Club's methods, and says he would
agree willingly to fight in private for the
stakes and the side bet, relinquishing the
club purse.

Colonel Cockerell, counsel for the Duval
Club, returned from Tallahassee this after-
noon and is reported to have since then ad-
vised the club to petition Judge Call, of the
State Circuit Court, for an injunction re-
straining the sheriff of this county from in-
terfering with the club's proposed boxing
exhibition. Papers were at once prepared
and the petition was submitted to the judge
in chambers this evening. A temporary
stay was granted the petitioners, and the
county attorney was notified to appear in
the circuit court to-morrow to show cause
why the injunction should not be granted.
This temporary stay has given the club
partisans much joy.

After the meeting referee Kelly stated
that he would submit these propositions to
the two men. If the decision is a draw, or
the fight is stopped for any reason, except
interference by the authorities, after the
men have entered the ring, the purse shall
be officially divided. If the authorities stop
the fight after the men have been in the

ring for a few rounds, the referee shall the
side on the merits displayed and award de-
whole purse to the better man.

Kelly informally made this proposition to
Mitchell to-day, and the Englishman ex-
pressed his satisfaction with it.

It is reported at midnight that official
representatives of the Plant system of rail-
roads, the Flagler roads and the Flor-
ida Central and Peninsular, met to-night
at the request of Governor Mitchell, who
called upon them to assist him in his effort
to prevent the fight. It is stated, on re-
liable authority, that the railroad men de-
cided to re-use to handle trains for the Duval
club. If this is so, it narrows the selection
of the battle ground down to the territory
reached by the little road running down to
Mayport, but that road crosses two draw-
bridges on its way to the ocean and can be
easily blocked by turning these bridges a
method which the sheriff proposes to
employ.

Hurrah for John.

HARRISBURG, Pa., Jan. 22.—John L.
Sullivan, the ex-champion pugilist,
appeared in the opera house here
to-night in his play "The Man from
Boston." After the performance the ex-
champion said he would leave to-morrow for
Jacksonville, Fla., to witness the fight on
Thursday between Mitchell and Corbett; he
says he will challenge the winner.

Emphatic Expressions.

There was a crowded house at the temper-
ance meeting in the Y.M.C.A. hall on Sun-
day night. The meeting had been called to
hear reports from the different temperance
organizations in the city as to their work.

Rev. Dr. G. D. presided, and in his open-
ing remarks alluded to the objects of the
convention, and then called on Mr. G.
Campbell, of the Independent Order of
Good Templars, who spoke at some length,
and referred to the work done by his order,
remarked on the number of licenses in this
city and urged all temperance workers to
stand together to obtain their objects.

Mr. J. W. Jones, of the Gospel Temper-
ance Union, then spoke. He denounced,
with great force, intoxicants and all dealers
in the same. He censured Mayor Quen-
nell's election, calling it a disgrace to the
city, as he was prominently connected with
a brewery. He also advised a more aggres-
sive policy on the part of the temperance
workers and their using their utmost en-
deavors to get men suited for the position
elected in the municipal and provincial
elections. Mr. Jones also stated that the
lodge he belonged to believed in working
for the temperance cause on the streets.

The Rev. R. H. Cairns, of the Royal
Templars of Temperance, next spoke, and
was remarkably strong in his remarks
against the liquor traffic, calling it the
meanest and most disgraceful of callings.
He also made some remarks on no attention
having been paid by the police commis-
sioners to the petition that was sent up in
regard to the appointment of the chief of
police.

Mr. Cairns then attacked ex-Chief of
Police T. O'Connell, drawing attention to
how he had been looked up to and how they
had taught their children to look up to him,
but that now he had resigned his honorable
position and had engaged in the meanest
and most degrading occupation possible.
Mr. Cairns spoke at some length on this
subject, and then urged on all temperance
advocates the necessity of combatting the
liquor traffic.

The next speaker was Mr. T. W. Haslam,
of the Sons of Temperance, who advised all
temperance workers to vote temperance
nominees at the next election.

Mr. T. W. Bucklee, of the Church of
England temperance society, stated that the
St. Alban's branch, though it had only
started in November with twenty-three
members, had now forty-five on the roll,
of which forty-one were total abstainers. He
drew attention to the difference in his
society to others, in the respect of having
temperance sympathisers as members with
total abstainers. Mr. Bucklee also men-
tioned that a petition was sent to the police
commissioners to appoint a temperance man
chief of police.

Mr. G. E. Good then addressed the meeting,
principally on Y.M.C.A. work, also allud-
ing to the fact that the best workers were
temperance men, and mentioned that it was
hoped that a coffee palace would be opened
in this city soon, they already had the
matter under consideration.

Dr. G. E. Good (chairman) then spoke and
particularly called on the women to aid the
temperance movement, advocating the or-
ganization of a branch of the Women's
Christian Temperance Union. Dr. Good
alluded to the practice of the women in the
place where he belonged, who attended ses-
sions of the licensing courts and publicly
opposed the issuing of fresh licenses with
invariable success.

During the evening a duet was sung by
Miss Blundell and Mr. A. J. Davis, and a
solo by Mr. Bucklee.

The meeting closed with a hymn and
prayer.

The Highest Authority in America.

Printers Ink, the highest newspaper au-
thority in America, speaks thus of THE
DAILY TELEGRAM:
"Did you ever hear of a place called
Nanaimo? It is on the Island of Vancouver
and 75 miles from Victoria. If you live in
what you consider an enterprising city and
believe that your local daily paper is first-
class, write to the publisher of THE DAILY
TELEGRAM, Nanaimo, British Columbia, and
ask for a sample copy of his paper, and when
you obtain it compare it with your home-
production. Go down and talk with the
publisher about it afterwards, and ask him
why it is that he can't print as good a paper,
or obtain as good a local patronage, or have
his paper as free from dead head or objec-
tionable advertisements? A useful lesson
may be learned from Nanaimo."

Collector Saunders of Port Townsend re-
ceived a telegram from Spokane stating that
Davis, the "drummer" arrested there
with four trunks full of opium checked as
hardware samples, had pleaded guilty at the
preliminary examination and that the
dope would be forwarded to the head office
by express. The exact amount of opium is
stated in the telegram to be 700 pounds,
which at the ruling price established at the
last public sale, will bring in \$10,000. The
lot will be sold here as soon as order from
the court is obtained to that effect. Davis
says this is his second trip of the kind.

ing were present: Mayor Quennell, Alder-
men Nightingale, Cocking, Wilkes, Morris-
son, Craig, Churchill, Wilson, Pleace and

COMMUNICATIONS.

Alluding to overflowing of drain on Pride-
aux street, asking that same be remedied
Referred to Street Committee.

Asking for a new sidewalk to be placed on
Lewin street, between a number of resid-
ents in the neighborhood, Ald. Cocking
moved that considerable consideration be
given to the matter, and that a new map of
the city be referred, on motion, to the
Street Committee.

From the Mayor, asking the Mayor
to attend the City Council on at San Francisco.

From Ald. Pleace, asking that a new
map of the city be referred, on motion, to the
Street Committee.

From Constable Gibbs, asking that a new
map of the city be referred, on motion, to the
Street Committee.

From Constable Gibbs, asking that a new
map of the city be referred, on motion, to the
Street Committee.

Ald. Wilson moved that the appointment
be left entirely to the Police Commissioners,
as it would only be a waste of time for the
Council to move in the matter.

Ald. Pleace considered that the Council
should recommend a man; and should also
give Gibbs a written testimonial.

Ald. Nightingale believed that there was
an amount of friction, which ought to be
enquired into, between Chief McKinnon
and Sergeant Gibbs.

Gibbs alluded to different actions of the
chief, asking for an examination.

Ald. Wilson spoke at some length on the
subject, saying that he would certainly en-
quire into the matter, as the Council was
not going to be bulldozed by his chief of
police.

Ald. Churchill believed that it was all
the chief's fault. Motion carried.

A miscellaneous of accounts was then read.
Referred to Finance Committee, to be paid
if found correct.

Reports of road foreman read. Received
and filed.

Ald. Cocking asked leave to bring in a
by-law at next meeting, that residents
should have their sidewalks cleared of
snow.

In reference to sending the fire chief to
San Francisco, Ald. Craig thought he should
be sent down with the Council's assistance.

Ald. Pleace moved that the Council
should allow \$100 to the Chief of the Fire
Department that he might attend the con-
vention.

Ald. Nightingale considered the motion a
very creditable one and agreed with Ald.
Pleace. Motion carried.

The communication from Mr. and Mrs.
Dixon was re-read, asking for colored lines
to be put on new maps pointing out the
differences from the old surveys, and that
the map be submitted to the citizens.

Ald. Craig moved that the letter be re-
ceived and framed. (Laughter.) Received
and filed.

Ald. Nightingale moved that William
Morton be appointed weighman for the city
scales for the year 1894. Carried.

Ald. Cocking referred to remarks made to
him on the small number of dog taxes
collected. He asked that the matter be
looked into.

Moved that pound-keeper Sage be re-
appointed, and that after the 1st of Feb. the
pound by-laws be strictly enforced. Carried.
Council adjourned.

TELEGRAPHIC SUMMARY.

The Grip has been resurrected, Bengough being editor, artist, and manager.

The Quebec Carnival takes place from the 29 inst. to the 4th prox. Eric Dorion supplies all information.

The robbing of jewelry stores seems to be an epidemic. The third instance occurred on Friday when the plate glass window of Lavigne's store, was smashed with a sleigh bolt and \$400 worth of the contents of the window carried off.

La Minerve, in connection with Papi-neau's change of creed, makes a bitter attack upon Rev. Dr. Chiniquy, the ex-priest, in whose life, it says, it can only find one meritorious action—his work on behalf of temperance.

The corpse of the unknown man who was found in an open boat near Smith island was buried on Friday, unidentified. The coroner's investigation brought forth no additional particulars.

The civic nominations for Montreal were held on Saturday, the mayoralty fight being between Hon. James McShane and J. O. Villeneuve, M.P.P. This is the claim made that it is the turn of the French to have the mayoralty. Out of twenty six aldermen, nine were elected by acclamation.

About October 16 the schooner Riverside foundered on Lake Ontario, and seven lives were lost, four of the victims being from South Bay, near Kingston. Jane Farrington, mother of the captain, is just received a prayer from the dead. It was picked up near Ashtabula, Ohio, and forwarded to her. It is a few lines written on an old envelope and placed in a bottle. The message reads: "October 14, Please send to Mrs. Jane Farrington, South Bay, Canada, Ontario. We are in Lake Ontario. Take care of baby. The note was signed 'Ameritta Farrington' wife of the captain. The baby is a few years of age, and is now with his mother, Mrs. Jane Farrington."

The employees of the Nelson Manufacturing Company, at St. Louis, are in good spirits. This concern is conducted on the profit-sharing plan, and for the past ten years the workmen have received annual dividends. In August last, when the financial stringency was making itself manifest, they accepted without demur a cut of 25 per cent. in wages. To-day, under a recent resolution of the board of directors, a dividend of 7 per cent. was distributed, and in addition the loss by the cut in wages was returned in full in cash to each employee. This satisfactory condition of affairs was brought about by a revival in the business of the corporation.

Major "Sampson," the missing witness in the trial of Dan Coughlin at Chicago for the murder of Dr. Cronin, and who at the last trial testified that he had been offered money by Coughlin to "do up" Cronin, was seen in San Francisco two or three days ago and recognized by a man who formerly knew him well by sight in that city. He is said to have displayed a big roll of bills, although for a few months prior to his leaving Chicago he was in hard luck. Sampson is an old acquaintance and accomplice of "shell workers" and other men who lay cheap traps for the unwary, but none of the fraternity in Chicago will admit that they have seen him or know anything of his whereabouts.

Habitues of sporting circles in New York are prepared to give a hearty reception to George W. Moore, better known as Pony Moore. Charlie Mitchell's father-in-law, who is due there from London with bills of exchange for \$100,000 with which to back his son-in-law in the approaching contest. He is accompanied by his daughter, Mrs. Mitchell, and they are passengers on the Etruria. Several tugs have been chartered and a big contingent will go down the bay to meet the ex-minstrel as soon as the arrival of the ship off Sandy Hook is announced. They will remain in the city two days, then leave for Florida. Mrs. Mitchell being very anxious to be near her husband during the few days prior to the fight.

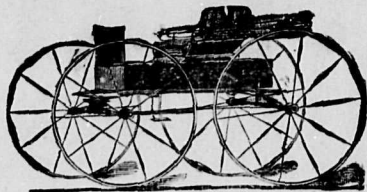

Mrs. Alma Erhardt of New York was placed in the asylum for the insane at Newark yesterday, on account of a mental disorder caused by love for another woman, Mrs. Charlotte Gebling, a widow. Mrs. Erhardt has been writing most fervent love letters to Mrs. Gebling, signing them "Alma." Sometimes these letters would number a dozen a day, and using Mrs. Gebling to marry Mrs. Erhardt. No attention was paid to the missives, until they began to threaten the widow's life. Finally one announced the writer's intention of killing her, and then herself, and advising Mrs. Gebling to kill her children as they were troublesome. It added: "If you don't want to do it yourself I will do it for you, as I know it needs courage and strength."

News has just been received of a horrible murder committed at Palmer Lake, just across the line from Osageo. The only information comes from the murderer himself, who told Louis Brunell. It seems that a man named Charlie Long came to his (Hank Smith's) cabin and said, "I have come to kill you." With that, Smith fired three shots at him, and seeing that Long was still alive he grabbed an axe and struck at him till he died. A party went to investigate and found that Long was dead and horribly butchered; that he had evidently been killed in the doorway of the cabin, as blood was sprinkled all around, and the body then dragged to the woodpile; the axe, covered with blood, was beside it. It is supposed that the trouble arose about jumping land which Smith's father claimed. Smith has given himself up to the authorities.

M. Cluquot, a French-Canadian sword-swallower, swallowed 14 22-inch swords at one time, and now lies unconscious and is suffering from internal injuries at the Union Square hotel, New York. Cluquot gave an exhibition in sword-swallowing this afternoon in his rooms at the hotel. After swallowing all sorts of swords he swallowed a long cavalry sabre and to show that there was no deception about the act, he placed a bar on the hilt which protruded from his mouth and weighted the bar with a 14-pound dumbbell. Then he took 14 swords, the blades of which were about an inch wide, and putting them in his mouth swallowed them. A doctor Hope, for whose benefit the exhibition was given, instead of drawing the swords out singly, drew them all out at once, cutting Cluquot's throat and mouth severely, and causing the human sheath to faint. A physician was called in and he gave Cluquot a hypodermic injection of morphine to relieve the pain. Cluquot was reported in a critical condition last night, and he is not expected to recover.

AN INDESTRUCTIBLE TOOTH.

A Wonderful Story That Is Told of a Japanese Palace.

As has been hinted by the Philadelphia Press, several long articles, if not whole volumes, could be written under the general title of "Curiosities About Teeth." At Yakadama, Japan, there is a costly temple built for the sole purpose of affording a shelter for one of the grinders of an ancient god of a certain Hindoo sect. This palace is known by the high sounding title of "The Palace of the Sacred Tooth," and is a costly and elegant structure in every sense of the word.

According to the mythology of India the god who formerly owned the tooth pulled it out to hurl it at a gigantic cobra, when the irreverent serpent had been so indiscreet as to make an attack upon his godship. In the latter part of the last century Europeans captured Yakadama and partially destroyed the tooth palace. The tooth itself, which had been an object of heathen adoration for centuries, was ground to a powder and thrown in the river.

But the particles came together, so the Hindoo priests say, and again formed themselves into a perfect tooth, which was found after the siege quietly reposing in the bed of the stream. The temple has been rebuilt, and the tooth, more revered than ever since the attempted destruction, is again enshrined as an object for adoration. It is kept in a gold box, wrapped in films from the sacred white spider's web, the first gold box being inclosed in eight others of the same precious metal.

Kicked the Wrong One.

A young woman has been taught a lesson against all communication by signs, says the New York World. There were unexpected guests at dinner the other night, and her younger sister sat on one side of the table beside one of them. The sister was extremely communicative, and the older became very nervous as revelation after revelation concerning family affairs was made. She finally took to nudging the offender beneath the table, but foot pressures, however forcible and frequent, failed to stop the chatterer. After dinner the much annoyed young woman demanded fiercely: "What did you mean by not paying any attention to my signals? How dared you go on so when I kept kicking you to make you stop?" Whereupon the younger sister looked mystified. "Signals? Kicks?" said she; "but, my dear, you didn't kick me." And the family disciplinarian sank back limply as she gasped: "Oh, Sara, don't, don't tell me I was kicking that man!"

A Wonderful Clock.

The most marvelous of clocks has been built by a Black Forest maker and sold for four thousand dollars. Besides doing everything that most clocks do in the matter of time and calendar, it shows the time in Berlin, St. Petersburg, Madeira, Shanghai, Calcutta, Montreal, San Francisco, Melbourne and Greenwich. Every evening at eight a young man invites the company to vespers in the electrically illuminated chapel where a young woman plays the "Maiden's Prayer." On New Year's eve two trumpeters announce the flight of the old year and the advent of the new. In May a cuckoo comes out; in June a quail; in October a pheasant appears to be shot down by a typical British sportsman who proceeds to bag his game. At daybreak the sun rises and some bells play a German air entitled: "Phœbus Awakes." On the night of the full moon they play another German air entitled: "Sweet and Tranquil Luna." There are other features too numerous to mention.

Amount of Salt in All Oceans.

Expert hydrographers and others of a curious turn of mind and a faculty for figuring on things that seem impossible of solution have concluded that the waters of the oceans and seas of our globe hold not less than 30,000,000,000,000,000 tons of salt in suspension! If these figures are correct and the oceans should be entirely dried up, there would be a deposit of salt 450 feet deep over every foot of the great basin. If taken out and spread upon what is now dry land it would give us a salt covering nearly 1,500 feet thick.

WELLINGTON ITEMS.

Mr. R. D. Bryden has completed his electrical apparatus consisting of dynamo and apparatuses, and the machine shops at Wellington are now lighted by eight electric lamps of sixteen candle power each. The whole apparatus was constructed by the young gentleman's own hands and have proved a general success, reflecting great credit upon the constructor's ingenuity and ability. Mr. R. D. Bryden is the eldest son of John Bryden Esq., superintendent of the Wellington collieries.

A Sure Sign of Advancement.

The settlements of Englishman's river and French creek are rapidly developing the latest advancement being that of a log church which is to be erected somewhere in the vicinity of the junction of the road connecting the Alberni road with that of Englishman's river. The Rev. C. E. Cooper will be the rector of the new church. The settlers throughout the district are very pleased with the intended innovation, and from the suggestions of the design of the building intended, it will be a very pretty little church, and a boon to the surrounding district.

THE PROVINCIAL CAPITAL.

Eberts Enthusiastic on Mineral Developments—Premier Davie Warms up the Independents.

VICTORIA, Jan. 22.—[Special]—The debate on the reply to the Governor's speech was taken up in the Legislature this afternoon, each of the speakers paying a tribute of respect to the memory of the late member for Cariboo, I. B. Nason, who passed away since the last meeting of the House. Martin (Yale) in moving the reply paid particular reference to agricultural interests.

Eberts (Victoria District) dealt more especially with mineral development. He referred enthusiastically to the completion of the Nelson and Fort Sheppard railway, and the stocking of the Silver King Mine. The former, in the first three weeks of its operation, carried one hundred and thirty thousand dollars worth of ores to smelters. "And," said Eberts, "I'm assured there are many 'silver kings' in the Slokan country."

Reference was also made to the remodeling of the American tariff, which is expected to double British Columbia's coal output.

Beaven followed in criticism of the Government's financial policy, which was decidedly weaker than any previous effort of that gentleman.

Finance Minister Turner replied, quoting facts and figures extensively, re the rising value of provincial securities.

Cotton (Vancouver) attacked chiefly on the subject of redistribution.

Premier Davie replied. He remarked in the course of an able speech that in the Redistribution Bill, the old theory of the balance of power would be abandoned. He poured hot shot into the camp of the Independents, in connection with the Kamloops convention, and the advising of the separation of the Island from the Mainland.

Brown (New Westminster) also spoke. The debate adjourned till to-morrow.

The steamer Mystery, just in from West Coast, brings word that Indians report a large bark wrecked far up Barclay Sound by recent gales. The Mystery closed in on return trip, but could see nothing of any distressed ship.

The storm of last week devastated Indian settlements along the coast, and five Kluquots were drowned from their canoes.

The wrecked lumber schooner, Norway, deserted by her crew after being in collision with the Annie Dutar, is ashore near Jordan river, where she can be saved if help is immediately sent.

From the north comes word that the Indian salvationists have embarked on a missionary crusade in the north end of Vancouver island, under Henry Tate, while measles and lagrippe are devastating the villages of Metlakatla and New Metlakatla.

The Victoria yacht, Minerva, one of the best cruisers in the province, was completely wrecked in the recent gale.

The distress among the unemployed has become so great, that the benevolent society find its funds exhausted and have applied to the civic authorities and local government for relief.

Rev. O. B. Reed and Rev. J. E. Coombs, have closed with the general missionary board for evangelistic work in Ontario.

DAWN OF A NEW REPUBLIC.

Norway Seeks Release from Political Ties with Sweden.

A few days ago a cable dispatch told of the resignation of the Norwegian cabinet. Immediately following it came advices from Stockholm announcing that Sweden would resist any attempt at dissolving the union on the part of Norway, even threatening, if necessary, to invade the latter country with an armed force.

The long and bitter political conflict between these two far-away countries, which is barely intimated in the cablegrams, has received but scant attention on this side of the Atlantic. Yet it is of the greatest interest to the intelligent observer of the political development of European countries.

It is in a measure a struggle for liberty not unlike that of the founders of our republic. It aims at vesting the people with rights and privileges that have been usurped by a bureaucracy and kings.

The strife is fast approaching its culmination and the latest events proclaim in unmistakable tones the dawn of a new republic.

Additional interest is lent this coming event when it is remembered that during these years the battle for independence and democratic rule the Norwegian reformers have drunk inspiration and sought ideas from the history of the United States.

And, furthermore, thousands of their countrymen who have founded new homes throughout this land—there is hardly a family in Norway without its American representative—have with one accord voiced the blessings of universal suffrage and a government by the people.

The potent influence which these have wielded, both personally and through communication of different kinds, especially among the farming classes, cannot easily be overestimated, and has been a principal factor in rousing the home people to wage war for political freedom.

LOCAL NEWS.

FROM THEIR EXCELLENCIES.

Lord and Lady Aberdeen Pleased With the Gordon Tartan Ribbon.

Yesterday Mr. J. A. Ward Bel received the following letter from the Dominion Capital:

GOVERNMENT HOUSE, OTTAWA,
Jan. 15th, 1894.

DEAR SIR,—I am desirous by their Excellencies, the Earl and Countess of Aberdeen, to convey to you their thanks for the courteous invitation of the Nanaimo Canadian Society to be present at the annual ball on the 25; and I am also to say that their Excellencies very much appreciate the tasteful style of the invitation card especially the ribbon of Gordon Tartan.

Their Excellencies regret that owing to engagements in this part of Canada made some time ago, for the end of this month, it will not be possible for them to be present personally on the occasion of the ball, but they beg to offer their best wishes for the success of the Society, and they hope that all will enjoy the entertainment on the 25th.

I remain, dear sir, yours faithfully,
W. T. S. HEWITT, Private Secy.
J. A. Ward Esq.
THE TELEGRAM press did the printing of the above invitation, Messrs. Sloan & Scott supplying the ribbon.

Death.

Edward Garner a native of County Down, Ireland, died at his residence on Bastion street, yesterday morning, at the age of 73. The deceased had been known in Nanaimo for a number of years as a tailor. He was a great sufferer from asthma. The funeral will take place this afternoon from the undertaking parlors of Hilbert & Son. The Rev. D. A. McRea will read the services.

The Laird of Lasqueti.

At an early hour on Sunday morning the sloop Wild Swan arrived at Johnston's wharf. A highly resonant voice soon made it apparent that the Laird of Lasqueti had arrived from his island home, and with him his aide-de-camp, Tim Withers. They are registered at the Windsor. Laird MacLachlan alias Charlie, was one of the guests who gathered round Captain Blair Hunter's dinner party on Sunday evening in the Windsor dining room.

H.M.S. Pheasant's Visit.

Captain Blair Hunter, of the Pheasant, had never been in Nanaimo before Sunday last, although he has passed it several times. He says now that he will never fail again to give Nanaimo a call when his duties permit. The captain's impression of Nanaimo only being a small place, similar to Comox, was pleasantly dispelled yesterday at the spontaneous symposium held in the dining room at the Windsor, where Sir Richard Musgrave entertained the gallant captain in right royal style. Among the guests were Mr. and Mrs. Dickenson, Mr. and Mrs. Norris, Messrs. Snowden and MacLachlan. Hosts Dempsey and Halton produced the best both from cellar and in cuisine, much to the guests' enjoyment and entertainment. By his frank style and perfect manner, the captain made many friends, even during so short a stay. Mr. Hickie was also one of the party.

Steamer Maude, Captain Roberts, arrived from Port Simpson yesterday morning. She had a very rough trip down. The Maude brought down a large consignment of skins for Victoria and several passengers.

Captain of the steamer Boscowitz, which arrived at Victoria from the north yesterday, says the trip was the roughest he has experienced. Indian settlements on the north coast suffered much by the late storms. The Boscowitz met heavy seas all the way down.

The three-masted schooner Norway, loaded with dressed lumber, is ashore in the Jordan river. The cargo can be saved.

YOKOHAMA, Jan. 22.—Canadian Pacific Railway Company's steamship Empress of India from Vancouver January 8th, arrived here at 7:30 a.m. to-day.

The Attorney-General has directed Government agent Bray to hand over to Mr. Barker, the defendant's solicitor, the stores, whiskey, etc., found on the Ina at the time of her seizure last summer by Constable Anderson when the steamer was captured in Salmon arm. The steamer, it will be recollected, was at that time used for peddling whiskey to Indians and logging camps. The reasons given by the Attorney-General are that these stores cannot legally be confiscated by the Government.

ON THE 31st JANUARY

We shall discontinue our 20 per cent. sale on the 31st January. From now until then we expect a rush. We have a splendid assortment this Winter, and our prices are finer than they have ever been heretofore, but when you get a 20 per cent. reduction off these prices, just think of the amount of money you are saving.

Our "Bargain Counter" still holds the interest of the people, and we have just decided to clear out all those nice Kid Gloves which it contains at Fifty Cents---former price, \$1 and \$1.25.

We have to-day received a case of the Celebrated Hygeian Waists for Ladies and Children.

We were compelled this week to send off a large sorting order for "Bretange" Kid Gloves, notwithstanding the immense stock on hand.
