## CONTRACT LET FOR CONSTRUCTION OF ROTARY CLUB CLINIC BUILDING

**Architect J. A. Benzie Awards Baynes & Horie General Contract—Orr Bros. Receive Plumbing and Heating.**

Architect J. A. Benzie, 429-30 Standard Bank Building on Wednesday awarded to Baynes & Horie, 836 Howe street, the general contract to build the re-inforced concrete, hollow tile and brick building which is to be erected for the Rotary Club of this city on Pender street between Cambie and Beatty streets. Orr Bros, 1228 Granville Street, have been awarded the contract for the plumbing and heating in connection with this work. The new institute will cost $47,130 and work of construction will be started at once.

As planned, the building will be 92 x 40 feet in size, will be equipped with all modern appliances, and will be a class A construction throughout.

Following is a list of tenders submitted:

**General Contract**

| | |
|---|---|
| Baynes & Horie | $40,500 |
| Adkison & Dill | 40,840 |
| Dominion Construction Co. | 46,000 |

**Plumbing and Heating**

| | |
|---|---|
| Orr Bros. | $6,630 |
| Barr & Anderson | 6,648 |
| W. A. Brown | 7,112 |
| McDonald & Perry | 7,605 |
| Murray Bros. | 7,838 |

### AWARDED CONTRACT

Orr Bros., 1228 Granville Street, have been awarded the contract for Plumbing, Heating & Ventilation, Gas and Vacuum systems for the completion of the new B. C. Telephone Co. building on Seymour street.

### HARD SURFACING WORK AT LADNER IS COMPLETED

**Is Praised by Government Officials.**

Harrison & Lamond, contractors, 744 Hastings street west have just finished a contract for hard surfacing at Ladner. The work was inspected by the Government Public Works Engineer, Mr. A. E. Foreman; District Engineer Mr. Johnson, and Hon. Dr. King, who expressed themselves highly satisfied with the work.

This work has been under the supervision of an expert especially brought here for the purpose and as it is a new system of hard surfacing and proves more economical than any other known paving it is expected that the services of this firm will be in demand all over the Province.

### VICTORIA NOTES.

In about two weeks the Robertson Iron Works of which Fred V. Robertson is the manager, will be entirely removed from the city and one of Victoria's oldest landmarks of industry will be no more. It has been known for some time that this big concern was moving, lock, stock and barrel, to Vancouver, where shipbuilding has grown to such an extent that as a result of persistent demands the company accepted a proposition to move to the Coughlan shipyards, Vancouver. Five forges and about thirty men were employed here, but in Vancouver there will be thirteen or fifteen forges and a greatly increased crew. The employees with their families, many of them old residents in the city are leaving for the Mainland.

### PORT MOODY NOTES.

A new road is to be put in from Port Moody to Ioco. The distance is about four and a half miles and there is a passable road for two miles of the distance. The Imperial Oil Company has a $3,000,000 plant at Ioco and employs about 100 people. The company has been asking for a road for some time but the department of public works has said that there was no money for the purpose. On Tuesday J. E. Sirdevan, of the company and J. H. Senkler, went over to Victoria and interviewed the provincial executive. Mr. Sirdevan offered to advance $10,000 at once, the money to be repaid out of next year's appropriations. The offer was accepted.

### SOUTH VANCOUVER NOTES.

Construction of the proposed new box factory, on the Fraser, near the boundary of South Vancouver and Point Grey, has begun. The Morse-Green Lumber Co., is renovating the old Ontario Lumber Co.'s plant on the North Arm of the Fraser River and will improve the plant in many respects before cutting commences again.

### BIG SAWMILL MAY START SOON.

**Queensborough Plant, Idle Almost Since Built, May Be Operated Shortly.**

NEW WESTMINSTER—The big sawmill at Queensborough, on the point of Lulu Island, which was built some years ago at a cost of about $500,000 and has practically never operated.

may soon be in commission. Announcement is made that the British Timber Corporation has been formed to take over the assets of the British Canadian Lumber Corporation Limited, the transfers of property will be completed in the next eight or ten days and the new company will then go ahead and operate on an extensive scale.

The assets of the British Canadian Lumber Corporation were recently sold for $2,500,000 to a committee of the bond and security holders and include the mill in question, the mill and property of the old Pacific Coast Lumber Co. on Georgia street, a mill and 9000 acres of timber land at Crescent Valley, five Dominion timber berths at Port Moody, logging railroad, camps and equipment at Port Renfrew, a sawmill in course of erection at Masset Inlet and between 200 and 300 provincial licenses.

The new corporation will be managed exclusively in British Columbia the personnel of the directorate being T. T. Paxton, president and managing director and until recently receiver and manager of the properties; Perry D. Roe and Hugh Davidson. Portions of the limits held by the company comprise some 180 limits around the shores of Messet Inlet, with a water frontage of over a hundred miles, and it is here that the Masset Timber Co., Ltd., under the contract with the receiver and manager, are logging spruce on a huge scale.

### OAKUM SHED BURNS

NEW WESTMINSTER.—Fire broke out in the oakum shed at the Poplar Island shipyard yesterday afternoon, but was confined to that structure, which was badly burned inside. A quantity of oakum was destroyed. The loss is difficult to estimate, but it will probably not exceed a thousand dollars.

# SHIPBUILDING AND MARINE NEWS

### SEATTLE FIRM STARTS CONCRETE SHIPYARD

**Will Build One Big Ocean-Going Vessel and a Number of Smaller Units.**

SEATTLE — Construction of first concrete shipbuilding plant on the North Pacific was begun Tuesday when the American Concrete Pile & Shipbuilding Co. broke ground on a twelve-acre tract of land at Bryn Mawr, on the shore of Lake Washington, and beban laying out ways for a 7,500-ton concrete ship, 150-foot steam concrete tugboat and two scows. The concrete steamship to be built by the company will be the largest on this coast.

### CONSTRUCTION IS STARTED ON S. BEND SHIPBUILDING PLANT

South Bend, Wn.—The site has been cleared and construction started on the plant of the South Bend Shipyard Company.

### SHIPBUILDERS SOON WILL BE GIVEN MORE CONTRACTS

Washington, D. C.—Due to a new design for a 5,000-ton wood vessel which has been prepared by naval architects, shipbuilders who have been waiting for new contracts, some of whom are now here, are to be given their awards within a few days.

It is said that the plans are the Dougherty type with many changes.

The shipping board designers are said to have found these plans so incomplete that they have revised them extensively, after consultation with naval architects and builders. It is officially stated that additional contracts for Ferris type boats will be let where it is necessary to keep yards busy, but the building of more Ferris ships is being avoided so far as possible.

Machinery of the Ferris type, however, is to be used in the new Dougherty with little alteration, and details of fittings will be changed as little as possible in order to speed construction.

## British Columbia Yards

Following is a list of the Shipbuilding companies of British Columbia now actively engaged in ship construction or recently organized:

**Steel Shipbuilding Plants.**
Coughlan Shipbuilding Co., Vancouver.
Wallace Shipyards, North Vancouver.

**Wood Shipbuilding Plants.**
Cameron Genoa Mills Shipbuilders Ltd., Victoria.
Foundation Company of B. C. Ltd., Victoria.
Lyall Shipbuilding Co., North Vancouver.
New Westminster Eng. & Const. Co., Poplar Island.
Pacific Construction Co., Ltd., Port Coquitlam.
Standard Shipbuilding Co., Vancouver.
Wallace Shipyards Ltd., Vancouver.
Western Canada Shipyards Ltd., Vancouver.

## Mining News

### MINING IS ACTIVE

**Western District is Reported to be in Excellent Shape by District Engineer.**

District Mining Engineer William M. Brewer, who has charge of the Western Mining District, stated recently in Vancouver that although he has been here for twenty odd years he has never seen a more encouraging outlook for the industry. Over the entire coast area, from East Sooke to Quatsino Sound, good men who understand the mining business are making things hum along productive lines, and the district will rapidly increase its producing facilities as a result. The industry seems to have taken on a new lease of life.

The Phelps-Dodge interests have taken bonds on the Fraser group. The Ladysmith people have taken a bond on the Willow Grouse. The Ralph properties are under the charge of Mr. Aldridge, of New York, ex-manager of the Trail smelter. The Sunlock mines on the Jordan River are being run by Patrick Stewart for a British Columbia company.

At Quatsino Sound the Coast Copper Company is working the Old Sport group on Elk Lake, and plans are under way for a sixteen-mile railroad from the mines to the coast. At Sidney Inlet the Tidewater Copper Company, of New York, is working on the Indian Chief group, a former Dewdney holding. At Knights Inlet the Princess and Union groups are working. Work is proceeding on Texada Island properties, and prospecting forces are working everywhere, particularly on Jervis Inlet.

### FEDERAL TRUCK ESTABLISHES LONG SERVICE RECORD

**One of First Models Has Remarkable History in Service of Vancouver Firm.**

In these days when the solving of the transportation problem confronts the business men of the country and every effort is being made to speed up transportation and to relieve the railroads of the burden that has been heretofore put upon them, the motor truck is looked upon as the only means of solving the problem.

If this solving of the transportation problem is to become a reality and the burden taken from the railroad, the motor trucks to be used should at least be built sturdy enough to withstand the heavy demands made upon them for many years.

An unusual record of a truck's performance is vouched for by H. J. Tucker, distributor of the Federal motor truck for British Columbia. One of the first 1-ton motor trucks put out by the Federal Motor Company was purchased by J. F. Bouskill, hauling contractor of this city, for the purpose of hauling coal and for the first three years the truck hauled 3-ton loads of gravel regularly.

During the six years that this 1-ton Federal has been on the job, always doing its duty and operating at a very low cost, it was driven by Mr. Bouskill from Portland to Detroit, Mich., and from Detroit back to Vancouver, covering the cross continent trip twice without the least bit of trouble. Throughout these journeys the sturdy little Federal climbed grades ranging up to 37 1-2 per cent. and carried a load both ways.

During the past six months the truck has been hauling 2-ton loads of wood and is performing excellent satisfaction.

### PROPER RETREADS NEEDED TO RETAIN BALANCE

**Restore Tires to Original Weight and Condition Intended by Manufacturer.**

George C. Hockley of the Davie Vulcanizing Co., familiarly known as the "Tire Doctor," lays particular stress on the fact that there is more retreading done today than ever before.

"This is caused primarily by the higher prices of tires," says Hockley, "which naturally tend to cause conservation in tire service, it being the natural thing for the owner to wish to secure maximum service at the minimum investment.

"Of course some tires are rejected for retread at the Hockley plant if, upon diagnosis, they are discovered to be in poor physical condition, but many there are whose carcass or foundation will permit of the application of a new tread.

"Retreading should not be confused with other methods as the latter do not conform with the original construction as intended by the manufacturer.

"A well-balanced tire will have just the proper amount of material, and it is particularly emphasized that additional fabric or superflous material added to the carcass will have a tendency to overheat and consequently cause separation."

**Tire Repairs -- Auto Repairs**

We have just added to our extensive tire business an Auto Repair Department manned by men who have had considerable experience in the repair business both here and in France.

We can fix your car from top to bottom.

**DAVIE VULCANIZING COMPANY**
G. S. HOCKLEY, Manager.

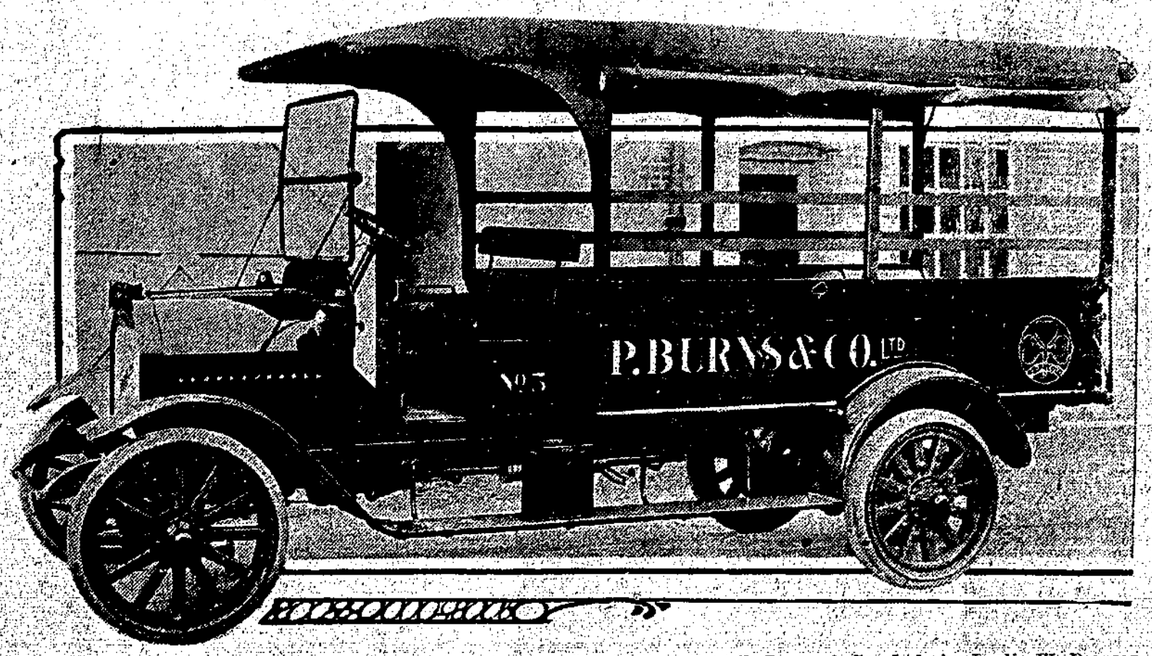
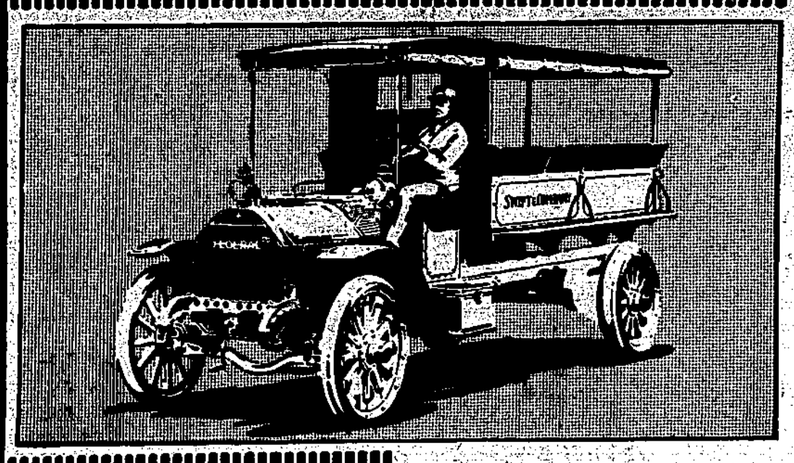
## LITTLE GIANT TRUCK SPEEDS DELIVERY FOR WELL KNOWN PACKING COMPANY



The above photograph shows a Little Giant Truck recently delivered to P. Burns & Co., Ltd., by Leslie W. Pearson, manager of the Little Giant Motor Truck Co., Granville and Pacific streets. So well has been the performance of this Little Giant that a second truck of the same make was delivered to this concern last week.



One of the FEDERAL Trucks of Swift & Co. in service in sixteen branch cities

# FEDERAL

**J. F. Bouskill, of Vancouver, can testify regarding Federal endurance.**

HIS ONE-TON FEDERAL has hauled three-ton loads for three years; 2-ton loads for two years; has travelled from Portland to Detroit and from Detroit back to Vancouver, B. C., and is now **hauling two-ton loads and giving good service every day, after six years of strenuous life.**

**Let us prove FEDERAL superiority and dependability.**

**Our service station and garage has given 8 years of first-class service to Vancouver motor users.**

### GRAVELLING SUMAS ROADS.

SUMAS, Wash.—Bids for gravelling from ten to twelve miles of roads east of Sumas have been called for by the County Commissioners. The roads to be gravelled are the Rock, Jones and Columbia Valley. According to the preliminary estimate of the engineer, the proposed work will cost about $3,000 a mile.

### TO BUILD HOSPITAL FOR RETURNED SOLDIERS

ELLENSBURG, Wn.—A very complete hospital will be erected at once in the town of Ellensburg by a group of citizens not only to meet the present demands, but from patriotic motives to care for those of its hero citizens now battling for freedom in Europe who, returning, may require medical aid. The building will cost between $35,00 and $40,000.

### NOTICE TO CONTRACTORS ERRINGTON SCHOOL

Sealed tenders superscribed "Tender for Errington School" will be received by the Honorable the Minister of Public Works up to 12 o'clock noon of Thursday, the 25th day of July, 1918, for the erection and completion of a small one-room school and outbuildings at Errington in the Alberni Electoral District, B. C.

Plans, specifications, contract forms of tender, etc., can now be seen at the office of the Government Agent, Courthouse, Vancouver, B. C., or the Department of Public Works, Victoria, B. C.

Lowest or any tender not necessarily accepted.

Victoria, B. C. July 5th, 1918.

### NOTICE TO CONTRACTORS New Denver School

Sealed tenders suberscribed "Tender for New Denver School," will be received by the Honorable the Minister of Public Works up to 12 o'clock noon of Tuesday, the 23rd day of July, 1918, for the erection and completion of a two-room school and outbuildings at New Denver in the Slocan Electoral District, B. C.

Plans and specifications, forms of contract and further particulars can now be had at the office of the Government Agent, Court House, Vancouver.

Lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Department of Public Works,
Victoria, B. C., June 27th, 1918.

**AT YOUR SERVICE.**

If you want to reach the man who buys Building Materials, Machinery, Hardware, Electrical and Plumbing supplies, Motor Trucks, Iron and Steel, etc., it will pay you to be represented in the British Columbia Record.

The British Columbia Record is the only building and construction newspaper in British Columbia consulted every other day by Contractors, Engineers, Architects, Building Material Dealers, Shipbuilders, Lumber Mills, and Mining Companies.

## PROPOSALS WANTED

### MISCELLANEOUS PROPOSALS

Architects Gardiner & Mercer, 827 Birks Building, are asking for tenders for the construction of a large cannery building, to be erected for Watson Bros., fish curers and smokers, on lot 47, Industrial Island.

Tenders are being asked for by the firm of Matheson & DeGuerre, architects and Engineers, 508 Northwest Building, for approximately 100 yards of concrete work in connection with the construction of the First Church of Christ Scientists, which is being erected in the 1100 Block, on Georgia street.

Plans are now being prepared by architects Gardiner & Mercer for Sohaake Company Ltd., Industrial Island, for the enlargement of their present shop building, store house, new pattern shops and a new foundry building 120x40 feet. As soon as the plans are completed tenders will be called for, a notice of which will appear in this paper.
